

Icknield Community College

School Council Meeting

Tuesday 15th September

AGENDA

- 1. Welcome and apologies**
- 2. Introductions**
- 3. Introductions to the School Council**
- 4. Student School Improvement Groups (SSIGs)**
- 5. Bring Your Own Device**
- 6. AOUB**

The key principles of the School Council

- Developing a partnership that includes all members of the school community
- Exploring and experiencing what it means to be a “good citizen” of your own community
- Enabling students to take an active part in school decision-making
- Giving students the experience of being respected and listened to
- Learning how to present a reasoned argument even when this may be unpopular
- Learning what behaviour is appropriate in different situations and developing peer support for appropriate behaviour

The year ahead

We would like:

- To hear your views, opinions and ideas
- You to have a consultative role
- You to contribute to developing policies
- You to be providers of information
- You to be a communication channel
- You to act as peer support
- You to act as a channel for raising students' awareness of bigger issues
