16 January 2012

Dear Parent/Carer

On **Wednesday 25 January 2012** your son/daughter has been invited to visit the Rutherford Appleton Laboratory in Harwell for their annual County Science Day. They will have the opportunity of participating in activities and challenges, with an opportunity to hear about some cutting edge science and meet some scientists. There will be the 'coke can' racer competition, and a variety of team activities on what should be a stretching and challenging day.

The day will start at 9.15am and will finish at 2.15pm. Students will leave school at 8.45am and will be taken to and from the Rutherford Appleton Laboratory by a member of staff, they will return to school at 3pm where you will need to arrange collection of your child.

Students will need to bring a packed lunch and be in full school uniform.

If you are happy for your child to take part, please would you sign the attached school consent form. During the day a photographer will be taking pictures of the activities taking place, please would you sign and return the attached permission slip for your child to be included and return both forms to the Resource Centre by **Friday 20 January** at the latest.

Please could I remind you that it is the students' responsibility to look after personal items they bring into school, such as mobile telephones, iPods, etc. This will also be the case for any trips students undertake. School and trip insurance will not cover these items.

Yours faithfully

Dr I Masters
Science Department
