

Trips that cost

This document gives an overview of trips that are planned each academic year and are proposed for future years and their cost. Trip offers are dependent on a wide variety of factors including the current staffing, curriculum changes and student uptake. Please do not assume that all these trips will definitely run or that no other trips will be offered. Parents are informed of trip offers by letter (sent home by ParentMail). If a trip is a requirement of the syllabus then we ask for a voluntary contribution rather than a payment.

Last updated: February 2018

Trips that are planned annually

Month the trip usually runs in	Trip name	Year group	Cost approx.
