

Hi year 6/7

I was very excited to move up to secondary school, because I like playing instruments and I'd heard that ICC had a really good music department.

I wasn't wrong. Within 2 months I'd started playing the guitar and by Christmas I'd started playing the drums. I really like my music lessons, especially the ones where we get to use the keyboards.

I know moving school is hard, especially moving to secondary school. When I first moved out of RAF Benson Primary I thought that I was going to get lost all the time as our school was so small, but this was not the case. After two or three weeks I knew where my classes were off by heart and even if I didn't then there were lots of helpful year 8 students and prefects to help me on my way.

I hope you are looking forward to starting school, there are lots of opportunities during school and after school, to join clubs and make new friends.

I hope to see you around.

Chris
