

Hi I'm Nola and I came from Stokenchurch primary. As I arrived at Icknield I was quite scared at the start, but all the students and teachers were so kind and helpful to me.

I needed to get used to where everything was in the school but with the help of older students, I got used to it super quickly. I made new friends from the day I walked in. The tutors were all so caring and welcoming and very soon I felt at home. To me now it almost feels like I've been going to Icknield for a long time. Don't be scared to ask for help from any student or teacher.
